

CURRICULUM VITAE

JEMAR ALBAOS POSOGA

GENERAL VIRTUAL ASSISTANT
EXECUTIVE VIRTUAL ASSISTANT
AMAZON VIRTUAL ASSISTANT
SHOPIFY VIRTUAL ASSISTANT
CUSTOMER SERVICE EXPERT

"HERE FOR YOU, EVERY CLICK OF THE WAY,YOUR SMART PARTNER IN EVERY BUSINESS DAYS."

PROFILE

Highly organized and proactive Executive Virtual Assistant with expertise in managing and scaling Amazon and Shopify eCommerce operations. I provide comprehensive virtual support to business owners, helping streamline workflows, optimize product performance, and ensure smooth day-to-day management of online stores.

With strong attention to detail and a results-driven mindset, I handle everything from store management and product listings to order fulfillment, reporting, and customer service — allowing clients to focus on strategic growth.

OBJECTIVE

To leverage my skills and experience as an Executive Virtual Assistant to efficiently manage and optimize Amazon and Shopify stores, ensuring smooth operations, increased sales performance, and exceptional customer satisfaction. My goal is to support eCommerce business owners by streamlining daily tasks, enhancing productivity, and driving sustainable online growth.

MISSION

My mission is to empower eCommerce entrepreneurs and businesses by providing reliable, data-driven, and detail-oriented virtual assistance. I aim to help clients achieve operational excellence through effective store management, strategic optimization, and proactive communication, allowing them to focus on scaling their brand and achieving long-term success.

GOAL

- To support daily eCommerce operations with accuracy, efficiency, and confidentiality.
- To optimize product listings, order fulfillment, and marketing strategies for improved performance and sales.
- To continuously develop knowledge of Amazon and Shopify systems and best practices.
- To contribute to the organization's success through proactive communication, problem-solving, and strategic assistance.
- To maintain a high standard of virtual administrative service aligned with company objectives and client expectations.

- Resolve customer issues and troubleshoot technical problems by identifying root causes and providing effective, timely solutions.
- Deliver clear and comprehensive information about product features, service options, and promotions to support customer decision-making.
- Conduct proactive customer outreach to follow up on inquiries, confirm order details, and enhance overall satisfaction.
- Address and resolve customer complaints with professionalism, empathy, and a focus on achieving positive outcomes.
- Collect and analyze customer feedback to identify trends, improve service quality, and support continuous improvement initiatives.
- Monitor and track the shipping status of customer orders, providing regular updates and ensuring timely resolution of delivery issues.
- Maintain detailed and accurate records of all customer interactions within the company's CRM system, ensuring data integrity and adherence to confidentiality standards.

Key Skills: Customer Support | Order Processing | Complaint Resolution | Product Knowledge | Technical Troubleshooting | CRM Systems | Communication | Customer Feedback Analysis | Service Excellence

E-COMMERCE VIRTUAL ASSISTANT EXPERIENCE

2024-2025 (PART TIME)

AMAZON VIRTUAL ASSISTANT

Alfredo Pineda is an owner of a thriving Amazon store that specializes in food truck supplies. As his dedicated Virtual assistant, I manage various aspects of the business, including optimizing product listing and content to improve visibility. I also handle data encoding and ensure seamless operations on his shopify store. My responsibilities include managing inventory, updating product listing, processing orders and implementing promotional campaigns to attract more customers. Additionally, I analyze sales data to identify trends and opportunity for growth. My goal is to enhance the overall performance of both amazon and shopify platforms, ensuring a successful online presence for Alfredo's business.

2023-2024 (PART TIME)

AMAZON VIRTUAL ASSISTANT

I serve as a Virtual Assistant for Francis Benton, the owner of an established Amazon clothing store. In this role, I manage a wide range of eCommerce tasks, including product listing creation and optimization, content enhancement, and data encoding to ensure accuracy and visibility across all product categories. I handle daily store operations such as updating product details, monitoring inventory, and maintaining organized records within Amazon Seller Central. My responsibilities also include performing keyword research, optimizing titles and descriptions, and ensuring that all listings adhere to Amazon's guidelines and reflect current fashion trends. Through consistent attention to detail and strategic content optimization, I help improve product ranking, enhance customer engagement, and contribute to the overall growth and performance of the store.

2022-2023 (PART TIME)

GENERAL VIRTUAL ASSISTANT

I work as a General Virtual Assistant for Norwin Santos, the owner of an Amazon store specializing in fine jewelry and accessories. My responsibilities include managing product listings, optimizing content, performing data encoding, and handling various Amazon Seller Central tasks to ensure smooth store operations. I create and enhance product listings with SEO-focused titles, bullet points, and descriptions to improve visibility and conversion rates. Additionally, I assist in maintaining accurate product data, monitoring inventory, and ensuring that all listings meet Amazon's quality and compliance standards. Through consistent attention to detail and effective content optimization, I help strengthen the store's brand presence and support its overall sales growth.
